

Resolution Condemning the Indictment of President Donald J. Trump

Whereas we the 14th District Republican Party of Georgia, recognize that President Donald J. Trump has been the subject of an endless campaign of character assassination by political rivals, including a failed special counsel investigation (Mueller), two spurious impeachment attempts and a failed congressional committee which concealed exculpatory evidence regarding January 6, 2021;

Whereas we acknowledge that President Trump is likely the most investigated living human being in world history;

Whereas we demand fair and equal treatment under the law for all and that our system of justice demands that we investigate crimes in search of perpetrators vs. investigating citizens in search of crimes for political gain; now, therefore, be it;

Resolved the 14th District Republican Party of Georgia unequivocally condemns the indictment of President Donald J. Trump by the Manhattan District Attorney, Alvin Bragg, as nothing more than a continued political witch hunt.

Adopted this 22nd day of April 2023.
